

Pronunciation - Player Interviews

Player Interviews is a video series on the Premier Skills English website:

<http://premierskills.britishcouncil.org/en/on-the-pitch/player-interviews>

Part 1. Answer these general questions about the Player Interviews series.

1. How many videos are there?
2. Which players are involved?
3. What activities connected to these videos can learners do on the site?
4. How do you know if the answers are correct?
5. What can teachers download with each video?
6. What level do you think this is good for?

Part 2. In pairs, watch a few of the videos and make notes of three or four players' English. Write down the name of the player, and make some notes on their pronunciation – is there anything about it which sounds 'British'? Can they communicate clearly?

Now change partners and share your thoughts.

Part 3. How could you use the Player Interviews series to highlight areas of pronunciation with your classes? Think about awareness raising, and also the kind of activities we did earlier in the workshop.

In pairs, write some notes and then share your ideas.
